**MOTION:** Commissioner *Grafing* moved to approve the minutes from November 13, 2019. Commissioner *Coyne* seconded the motion. The motion carried unanimously.

**CITIZEN COMMENTS**

Thomas Barriner {311 N Cedar} said that rental properties in that area have in the past housed prostitutes and drug dealers and the neighborhood does not need those type of people in the area and he felt that the development should not be a five plex.

Edward Knox {120 E 1<sup>st</sup>} said that they created the zoning code for a reason and the PUD is not a tool for bypassing the zoning code. He felt that the new revision of the PUD does not allow the adequate review of what is being proposed. He stated that a five plex would not fit in the neighborhood of mostly single-family residences. He further stated that he could understand a PUD being used for a larger lot of ten or more acres but using it for a smaller lot did not seem reasonable to him.

He further stated that he believed the current zoning regulations were adequate and should not be changed and he felt that even a duplex on that lot would not be a good choice for this neighborhood.

He further stated that once a PUD was passed the developer could propose and build a tower on the spot or any type of development that was completely contrary to the surrounding neighborhood.

Daniel Carlyle {217 Cedar} asked if the development had even considered the drainage of this project and how the introduction of more paved space would affect the ditched along 2<sup>nd</sup> avenue. He also stated that the property in the past had not been mowed and if this was the same developer what promises did he have that it would be maintained after the development occurred?

Tammy Carlye {217 Cedar} stated that her husband and her have lived in Goddard for over 30 years. She stated that her husband has worked on many projects including residential and commercial projects and she trusted his opinion that this project was not ideal for Goddard. She said she was concerned about how this new development would affect her property. She said she wanted to see Goddard bring in projects that would add to Goddard and not take away from it. She said she would like to see the Planning Commission take time to consider what they are proposing with this new development.

James Streelow {838 S 199<sup>th</sup> St} said before Mr Fouts bought the land they wanted a gun range around that area and it was denied when the citizens found out about the proposal. He said that he did not want animal manure near his property, and he did not like the idea that Tanganyika was putting in an access road to 199<sup>th</sup> that would run along the south side of his property. He said that in the past when Mr Fouts bought the land to turn into a zoo the neighbors along Hawkins road did not like it.

## **BOARD OF ZONING**

### **PUD POLICY AMENDMENT**

*Scoggan* introduced the Planned Unit Development (PUD) policy amendment. He stated that the older version did not allow enough flexibility on the front end for developers to change the design. This forces them to have all of the development outlined in detail which can still be denied at a later date. *Scoggan* further stated that with a PUD it is considered one of the most transparent zoning classifications due to the fact it requires overview at many stages of the process. He further stated that this oversight is what allows for the first step concept design to be allowed. He further stated that platting should not always be required if the property is already platted and the development is not introducing more easements.

**MOTION:** Commissioner *Coyne* motioned to approve the Planned Unit Development policy amendment. Commissioner *Grafin* seconded the motion.

**5-1** Motion carried

### **PUD REZONING TANGANYIKA WILDLIFE PARK**

*Scoggan* introduced the rezoning proposal for Tanganyika Wildlife Park (TWP) for a PUD from an R-1. He stated that when TWP was rezoned to a PUD at its inception its logical to assume when the development continues to grow it would require another PUD to accommodate the new

development. He stated that TWP was a great asset to the City of Goddard and it rezoning to a PUD for TWP similar to the past would allow for TWP to create and design new amenities to serve the public further enhancing the experience and attracting more visitors to Goddard.

Commissioner *Dendurent* asked who was in that area first, the zoo or the residential properties? *Scoggan* replied it was the residential properties first and then the zoo.

*Jim Fouts* stated he had acquired that land in 1984

**MOTION:** Commissioner *Coyne* motioned to approve the rezoning of the land from R-1 to a PUD. Commissioner *Grafing* seconded the motion.

**5-1** Motion carried

#### PUD REZONING 227 CEDAR ST

*Scoggan* introduced the rezoning proposal for 227 Cedar St. He stated that the land was too small for a typical R-3 rezoning and the developer agreed to move forward with a PUD rezoning understanding it was more expensive. *Scoggan* stated that under an R-3 there is a minimum of 3000 sq ft required per dwelling unit and the lot currently sits at just under 14,000. *Scoggan* stated that a PUD zoning classification is the most transparent zoning classification and it must go through multiple review stages before it becomes finalized.

*Scoggan* stated the he spoke with Jack Manion a Residential Land Appraiser of Sedgwick County and he stated it would virtually guarantee the property values would increase.

*Cowgill* spoke apologizing for not engaging the neighborhood first prior to proposing the rezoning. He stated that they would vet every resident with a background check and credit score check. He stated the rent would be around a \$1,000 a month and they would maintain the property diligently.

Ed Knox asked about screening from the other residents.

*Cowgill* replied this was not common practice unless it was commercial abutting residential.

Dan Carlyle asked about parking and water drainage off the property.

*Cowgill* stated this was something that would be addressed through the PUD site plan process.

*Scoggan* proposed moving forward with adopting the PUD rezoning for 227 Cedar St.

*Vice Chair Cline* looked for a motion. No formal motion was taken.

*Scoggan* proposed tabling the project until January for review and further consideration

**MOTION:** Commissioner *Parks* motioned to table the rezoning consideration until further review in January. Commissioner *Grafing* seconded the motion.

**6-0** Motion carried

### **NEW BUSINESS**

*Scoggan* introduced the new Final Plat for Rustic Creek. He mentioned that the property is comprised of around 41 acres and is currently zoned R-1 for Single Family. He mentioned that Garver will not need to rezone the property since they are proposing all Single-family housing on the site. *Scoggan* further stated that the property has been plated to accompany 106 lots. He mentioned that the approach from the east has been resolved in a mutually acceptable proposal by the developer and the property owner.

*Cline* asked about the neighbor's driveway

*Clevenger* of Garver spoke indicating that the conversation between Goddard Investments LLC and the neighbor were beneficial with the developer willing to provide a temporary driveway during construction and a new driveway after construction. They are also willing to designate around 50 sq ft for the attached garage that is off the property line.

*Commissioner Dendurent* asked about open ditches or would the water flow through pipes?

*Clevenger* said they would carry all the storm water with curb and gutter and storm pipes.

*Clevenger* also mentioned they were proposing a drainage easement through a neighbor to the norths property which they were still working to have an agreement with.

*Vice Chair Cline* asked about parks around that location.

*Clevenger* mentioned that they would be giving a lot to the city for the development of a park in that neighborhood.

**MOTION:** Commissioner *Coyne* motioned to approve the Final Plat for the Rustic Creek development contingent upon approval by the City Engineer of the drainage plan. Commissioner *Grafing* seconded the motion.

**6-0** Motion carried

### **CITY PLANNER REPORT**

*Scoggan* informed the Planning Commission that in January they would go through formal voting for the Chair and Vice Chair as required by the Planning Commission by laws. He also mentioned he would have them sign a voluntary three-year term form for recording.

*Scoggan* stated that if 227 Cedar had passed, they could consider a site plan in January but since it was tabled, they would instead review the project.

*Scoggan* informed the Planning Commission that the City Planner (*Scoggan*) had presented the three WAMPO projects in November to a 7-person panel who would review and decide on what projects would move forward.

### **GOVERNING BODY COMMENTS**

*Vice Chair Cline* asked about when they would know more about the WAMPO submission.

*Scoggan* replied they would find out more in June if it was accepted into the TIP

*Commissioner Grafing* asked about the STAR Bond

*Scoggan* replied the General Contractor pulled the building permit for the Genesis Gym and they would need a sperate permit for the Hampton Inn.

### **ADJOURNMENT**

**MOTION:** Commissioner *Grafing* moved to adjourn the regular meeting.  
Commissioner *Coyne* seconded the motion. The motion carried  
unanimously.

*Meeting adjourned at 8:07 pm.*

**TO:** Planning Commission  
**SUBJECT:** 227 Cedar rezoning  
**PREPARED BY:** City Planner  
**AGENDA:** Old Business

---

**Background:** AST Investments had submitted a rezoning application to the City for the vacant lot located at 227 Cedar St. This request was for building a Five-plex in an R-1 zoned and as such a rezoning would have to be required to accommodate the proposed land use. On December 16, 2019 the Board of Zoning Appeals considered the request and tabled it for further review. Since then the developer has changed the proposed development to a tri-plex and wishes to resubmit an application for rezoning to R-3 instead of a PUD.

**Analysis:** Consideration for a revised rezoning application will need to first have the request published in the paper and the letters redistributed for residents within 200 feet.

For a timeline it would follow:

- January 13 – Consideration for revised application
- February 10 – Review rezoning request
- March – Site Plan Review

If the PUD rezoning request was followed a similar timeline could be expected:

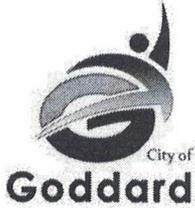

- January 13 – Consideration for PUD
- February 10 – Site Plan review by Planning Commission
- March – Site Plan review by Governing Body

**Financial:** Public notice will have to be given again and issued through the City newspaper for the requested change.

**Legal Considerations:** Approved as to form

**Recommendation/Actions:** It is recommended that the Planning Commission approve the rezoning application amendment for 227 Cedar and consider the item on February 10 (**VOICE**)
