AUTHORIZE 183rd PATHWAY PROJECT

Brian Silcott, City Administrator presented a 2018 Capital Improvement Program (CIP) project that would extend the 183rd pathway north of Kellogg, completed in October of 2017, to the South. The Proposed project will extend the pedestrian & bicycle path south from the Holy Spirit pedestrian crossing to KDOT's Kellogg northern right-of way line and continue from KDOT's Kellogg southern right-of-way south to the 183rd Street – Prairie Sunset Trail crossing. Silcott states the engineer's estimate is \$220,115 for the project and will be administered within the CIP fund, Streets, Construction; line item 90-680-6320.

Council inquired about widening the proposed 5 foot pathway to 8 feet. Silcott states, given the right-of- way and the terrain, they felt the 5 foot width was the most appropriate. Re: City Administrator Report for the July 2nd Regular City Council Meeting

Date: July 2, 2018

Below is a brief update on projects and future agenda items for the City.

City Staffing News: We hope to announce GPD's newest officer within the next couple of weeks. The City's Public Works Director Joe Turner begins his service next Monday, July 9th.

Tower Cleaning & Painting: The water tower cleaning and painting is complete! Craig Crossette, Assistant to the City Administrator, is working with Maguire Iron and our Public Works team to prioritize repairs to the tank. We will present an overview of the findings and plan to address these items at the July 16th regular City Council meeting.

STAR Bond Development Agreement Amendment: Work is continuing on the development agreement and the conditions for the assignability of master development rights. I hope to have this item presented to the Governing Body in August. There is a framework meeting scheduled for later this week.

KDOT Projects: There is nothing new to report on the City's submittal for corridor management funding to align the 183rd & Kellogg north frontage road. The planned project realigns the existing frontage road from its current location on the south side of the First National Bank of Hutchinson to the north side of the bank. Under the corridor management agreement, the state will provide 75%-80% of the construction cost, and the City is to provide engineering/design, right-of-way, utility realignment, & inspection cost to the project.

Work is also continuing on the proposed installation of a traffic signal to serve the STAR bond site. Any work on the intersection project **will not begin** until after construction is underway at the site.

City Hall Renovation: The project preparation continues as Chief is meeting with contractors to finalize scope and costs. Thank you to City Engineer Harlan Foraker for his work on design drawings to reflect renovation options. This item should be ready to present for final Council approval at an August regular meeting and possibly as soon as July 16th.

Industrial Park Signage: Assistant to the City Administrator Craig Crossette is leading the City's work with industrial park property owners on the design of a new sign. As it currently stands any new signage will need to meet the monument signage requirement on or before December 31, 2021. It is possible the Governing Body could be approached to ask for funding assistance for a high-quality monument sign.

Planning Commission Notes: At the August 13th regular meeting, the Planning Commission will consider a site plan for Braum's. The potential project will be located within Goddard Galleria. The next bike/pedestrian plan open house will be September 25th at Pathway Church and will be between 6PM & 8PM, please attend if you are able.

Goddard Gathering: The Goddard Gathering movie night that was planned for Friday, June 22nd was cancelled due to weather. The next event will be July 13th from 6:30 PM to 10:30. The

movie is Jumanji and is rated PG-13. The July 21st event will show the movie “Inside Out” and Rated PG. The August 10th Goddard Gathering will show the movie “A Bug’s Life” and this event will be held at the Goddard Municipal Pool. All times are 6:30PM to 10:30 PM. We hope that you can make it out!

Fireworks Season: Tis the season! [The code can be found in Chapter VII Article 3 of the Goddard Municipal Code](#). Fireworks can be discharged from June 27th through July 5th between 8am and 10pm. On July 4th they may be shot from 8AM until 11PM.

Pavement Preservation Underway: The Council approved street maintenance project continues and is nearing completion. Barring inclement weather, the project should be completed within the next the couple of weeks. Craig reports that he has received several “job well done” phone calls.

Dove Estates IRB: I am meeting with the principal partners and City Bond Counsel Kevin Cowan on Wednesday, July 11th to discuss the issuance of Industrial Revenue Bonds. As you are aware from the planned unit development agreement that was approved at the April 2nd regular meeting; it’s Dove Estates intention to construct a memory care unit and 37 additional senior housing units.

Upcoming July 16th Agenda Items:

- Conduct the 2019 Budget Hearing (*Tentative*)
- Adopt the 2019 Operating Budget (*Tentative*)
- Discussion of Community Marketing Program
- 2019-2020 General Fund & Debt Service Fund Budget Discussion

Respectfully Submitted,
Brian W. Silcott,
City Administrator
