## Pool Opens May 21<sup>st</sup>

The Goddard Municipal Pool officially opens on Saturday, May 21st at 1:00 pm. To kickoff pool season, the city will be hosting an Opening Night Party on Friday, May 20th. Pizza will be served at Means Park from 5:00-6:00 pm, followed by a free swim from 6:00-8:00 pm. Yard games and chess in the park will also be available from 5:00-8:00 pm. See you there!

For additional information regarding the city pool, including swimming lessons, please visit the city website at <http://goddardks.gov/community/citypool>.

## OpenGov Coming Summer 2016

The City of Goddard will be launching a new budget transparency platform powered by OpenGov Inc. This user-friendly, web-based platform makes it easy to explore how your tax dollars are collected and spent. Residents will have the ability to see the city's current 2016 budget, as well as seven years of spending and revenue detail in an interactive digital format.

The City of Goddard is committed to open, transparent governance, and we're looking forward to introducing this program to our residents.

## Yard Sale Clean-Up & Hazardous Waste

Following the community-wide yard sale on the weekend of May 6<sup>th</sup> – 8<sup>th</sup>, a dumpster for public use will be located outside of the public works facilities at 1206 S. 199<sup>th</sup> St. W. on Monday, May 9<sup>th</sup> from 8:00 am until 12:00 pm.

The disposal of hazardous waste items such as tires, car batteries, oil, solvent, paint, hazardous chemicals, and any appliances containing Freon (items with Freon will be accepted once the Freon has been removed) will be prohibited. Our city compost and tree limb sites are located at the same address, and they will be open for public use if you want to drop off your yard waste.

For those interested in disposing of household hazardous waste items, the City of Goddard is partnering with Sedgwick County on Saturday, May 14<sup>th</sup>, 2016 for a hazardous waste drop-off event at the public works facilities from 9:00 am until 1:00 pm. Sedgwick County will be accepting paint, aerosols, used oil, gasoline, anti-freeze, pesticides, herbicides, garden chemicals, household cleaners, fluorescent bulbs, propane, and old, unwanted medications.

## Keep Our Parks Clean Clean Up After Your Dog

Dog poop is a major contributor to stormwater pollution. Rain and melting snow flows across yards, parks, and trails on its way to creeks via our streets and storm drains. Dog poop contains bacteria and is high in nitrogen and phosphorus (nutrients that negatively affect our waters).

The City of Goddard conveniently provides dog poop clean-up bags and waste receptacles in our parks. Please help us keep our community beautiful!
