After the roof is constructed work on the interior will begin. Further dirt work around the site has also increased in the last two weeks. Each unit valued at approximately \$80,000 will generate an assessed valuation of \$9,200 and a total assessment of \$220,800 (excluding the clubhouse). Each unit generates a municipal property tax of \$307 or an estimated total municipal property tax generation of \$7,360 plus the clubhouse valuation. Each unit is individually metered. Below is an updated picture of three duplex homes under construction.

RCUT Project: KDOT has completed its preliminary field plan review. The City Engineer and staff is meeting with TranSystems late this week to review the changes. The project continues to be on pace for a September 24, 2020 bid letting. The approved design budget is \$186,210 with \$59,085.97 being expensed to date. The estimated total cost of construction is \$1,810,000 with KDOT covering the cost of construction. This is project # 2020-01 and KDOT Project #54-87 KA-4362-01.

183rd Street Frontage & Intersection: Thanks to the assistance and shepherding of the City Engineer and his team at Certified Engineering Design, we've submitted a request for funding for the intersection improvement at 183rd Street West & US-54/400/Kellogg. On June 9th we submitted the request to advertise for bids on the Kellogg Drive Relocation Project (KDOT Project #87 KA-5215-01). We hope to receive authorization this week.

WWTF Fence: Work has started on the fence between the Wastewater Treatment Facility and the new Clover Leaf Housing Development. This project was approved at the April 20, 2020 Regular City Council Meeting. It is necessary for both the safety of residents of the development and the WWTF lagoons. Below is an updated picture of the posts being installed to hold the wire fencing.

Rustic Creek Addition: The plat for this project was approved at the February 2, 2020 regular City Council meeting and the Governing Body directing staff to construct a development agreement to include \$193,916.23 for infrastructure assistance. Rustic Creek Addition will build homes ranging in value from \$200,000 to \$250,000, with Phase I consisting of 35 lots. Given the City's current mill levy of 33.323, the City's contribution will cashflow at 20 homes with a valuation of \$200,000 ea. The developer has submitted petitions for three phases of development to construct sanitary sewer, water distribution, paving, and stormwater improvements for 20 years and a per lot annual payment estimated at 3.5% interest of \$176.20. At the June 15, 2020 Regular City Council Meeting, the Governing Body approved the development agreement for all previous aspects discussed of the development agreement, excluding the funding for a roundabout entrance totaling \$18,298.00. The funding assistance now totals \$170,128.83 with modifications required to onsite SWS System \$38,010.00, Cost of Detention Improvements \$92,858.33 and 30% of the City's total participating cost (not to exceed amount of \$39,260.50). The Engineering Service Agreement with Garver Engineering is planned to be presented at the July 20th meeting.

North Park Update: As reported in the June 8th report, Staff continues to prepare for the development of the North Park. Task items include the following: Property Platting, Defining the short-term Capital Budget and long-term Capital Plan, Demolition & Removal of Buildings, Plan Improvements, Building the Plan. The platting process is underway with the City Engineer as the staff lead on this item. The 2020-2025 CIP contains \$343,250 in the 2022 fiscal year. Should the City Council decide not to accept a forthcoming purchase offer and with the current CIP calendar, staff anticipates North Park planning to begin 1st quarter 2021. The calendar can

be amended but would require foregoing/delaying a planned project or the issuance of debt that would be financed with either an increase in property taxes or the reduction of projects through a dedication of local sales tax. Below is a recent picture of the park property looking to the Southeast. The plat should be completed in time for the July 20th or August 17th regular meeting.

2020 Budget Process: Finance Director Matt Lawn & I are working on a “status quo” budget that maintains the same property tax neutral mill levy of 33.323. This means staff will be present a budget that maintains the same property tax mill levy as the 2020 fiscal year. The City of Goddard has the lowest property tax level of any City in Sedgwick County except the City of Viola which lacks any fulltime staff members of a municipal paved road. The 2020 Assessed Valuation for the 2021 budget has been received and has increased from \$43,702,384 to \$46,897,259. This is an increase of 7.31% or \$3,194,875 in valuation. The 2021 budget calendar is below:

- July 6th General Fund & Set Public Hearing
- July 15th Conduct Budget Hearing & Adopt 2021 Operating Budget

Respectfully Submitted,
Brian W. Silcott,
City Administrator
