City Snow Preparation

Be prepared and stay safe on the roads this snow season

As snowy weather is rapidly approaching, it is important that we stay safe during the upcoming holiday season. While city staff has begun prepping our snow removal equipment and is prepared to handle inclement weather, residents play an important role by ensuring that vehicles are not parked on the sides of the roads during snow events. If you are driving while snow is being cleaned up, please stay at least 100 feet back from snow plows. For more information, please visit www.goddardks.gov/Departments/PublicWorks/Snow.

Holiday Safety Reminders

As we approach the holiday season, here are some friendly tips about personal, home, and auto safety

- Lock your doors at home. Your front door, back door, and garage door, both into the house and into the yard.
- Because it is getting dark earlier, leave your lights on. Any outside lights on your front porch, back porch, garage doors, back yard, etc.
- Close your garage door, and keep it closed, even when you are at home!
- Lock your vehicle, whether in the street, driveway, garage, or parking lot.
- Please don't leave your keys in your car or your vehicle running, even if you only plan to step inside for just a moment!
- Remove all valuables from your vehicle. If you are out shopping stow your packages, bags and valuables in the trunk where they aren't visible.
- If you see any suspicious activity, persons, hear unfamiliar noises or are concerned for yourself or your property please immediately call 9-1-1!
