Water-Wise Tips

Hand water dry spots on your lawn.

Throw leftover food into the trash instead of washing it down the sink.

CITY OF GODDARD

"Make Goddard home, your family deserves quality!"

www.goddardkansas.us

P.O. Box 667 • 118 N Main • Goddard, Kansas 67052 • 316-794-2441 • FAX: 316-794-2401

Dear Valued Customer

We know you have a number of choices when selecting a place to call home and we are thankful for your choice of Goddard as your family's home. The City of Goddard strives to deliver safe, reliable, and affordable municipal service to your family. As you are aware the cost of goods and services has risen significantly over the past several years. The City has made investments to better serve you and your family through increased water storage capacity and a dedicated water supply line to serve our community for generations to come. The July 1st bill will reflect a new rate structure for the water utility.

The average residential *water rate* has increased from \$10.00 per month to \$23.44. The City of Goddard regrets the need for this increase and in spite of the significance of this increase we maintain one of the lowest water rate in the Wichita-metro area. The current base rate is \$6.50 with a debt service fee of \$12.44. The price for consumption above 2,000 gallons remains unchanged. Please refer to the City's website for more information: www.goddardks.gov/departments/water

We wish to thank you for choosing Goddard to raise your family and we assure you of our desire to provide safe, reliable, and affordable water & sewer service to you and your family. We apologize for any inconvenience this increase may cause and we will continue to diligently serve you in the future.

Sincerely,

Brian W Silcott

Brian W. Silcott,

City Administrator
